About SIAE

Sharda International Academy for Educators (SIAE) is the teacher education division of Sharda Learning Systems Pvt. Ltd., established to develop professionally trained educators through innovative hybrid learning.

Our programmes combine self-paced online learning, hands-on practical training, internships, and real classroom experience at authorised My Junior School centres, preparing learners to become confident, classroom-ready educators.

Why Choose SIAE?

We offer a complete teacher education program designed for your success.

Hybrid Learning (Online + Practical)

Enjoy the flexibility of online learning with real-world practical experience.

Internship & Teaching Practice

Build confidence through internships and structured teaching practice.

Practical Training at My Junior School

Gain hands-on teaching experience in a real classroom environment.

Learning Management System (LMS)

Access study materials, assignments and progress tracking – anytime, anywhere.

Industry-Oriented Curriculum

Learn what matters with an updated curriculum designed by education experts.

Placement Assistance

Get career support, resume building, interview preparation and job placement.

Experienced Faculty & Mentors

Learn from qualified educators and industry professionals.

International Admissions

Join a global learning community with students from around the world.
